

Best survival rate in bypass surgery.

Again... and again.

We're the **ONLY** hospital in New Jersey
with a **0%** mortality rate for Cardiac Bypass Surgery
in the last 3 consecutive reports.

Englewood Hospital and Medical Center once again had a perfect record for cardiac bypass surgery, with no deaths reported in the latest NJ cardiac surgery report card.* Englewood Hospital is one of only two hospitals in the state and the only one in Bergen County with this distinction.

For a referral to one of our outstanding heart doctors, call **866.980.EHMC**.
